

Dear Clark Pest Control:

I wanted to let you know that I'm so happy with your service. I've been a customer for over a year now and I'm quite pleased with everything.

I've had a few representatives over this time frame and the last one just went into the military. My new representative is Mr. Bar, whom I met on Tuesday. I'm writing to let you know that Mr. Bar was extremely polite when he introduced himself, personable, and knowledgeable of what my home needed. Mr. Bar found spiders that I was not aware of, and our main problem at this time are wasps. He handled these with great attention to detail and I appreciated that. I have a 9 year old son, and a Great Dane and we play in the backyard every day. I believe my Great Dane had already been bitten or stung by something. I'm happy that the situation seems to be under control now.

I send Kudo's to your company and all of your representatives. Everyone I have met on this pest control journey has been extremely polite, caring and understanding. Thank you again for everything you do!

Take care and best regards!

Cindy
