Subject: great service

I just want to let you know that our serviceman is great. Ed has been servicing our house for many years and he does a great job. He is very polite and professional. I had an appt with him for a black widow problem and he was on time, got the job done, and very quick. With increasing rates, I thought about looking into other companies, but will stay with Clark because of Ed's great service over the years. I absolutely am in fear of bugs and spiders and he has kept our house clear of them.

Thanks!

Annie
