I was just standing out in my front yard admiring how nice the lawn looks after about three weeks of your lawn treatment. Rob mentioned that I might be interested in the lawn fertilization and the rose pest treatment. I said to give it a try. Needless to say, I am impressed.

In these tough times I was looking for ways to cut down on spending and I thought of cutting the pest control. I could probably get by for a few months and no great loss. The reason that I didn't do it is Rob. The guy is an extraordinary employee doing a fine job for me. As long as he stays, I stay.

Thank you for your time, Bob
