

Clark Pest Control  
Sonora Branch

To Whom It May Concern;

I would like to express my appreciation for one of your Clark employees.

I am Quality Control Manager at our pharmaceutical facility. One of my duties is to manage our pest control program.

It has been a pleasure working with Nathan Lint. Nathan has always been efficient in responding to our "Help, we need you" calls. He is always professional and courteous in person and on the phone.

Nathan has been helpful in maintaining GMP compliance for pest control. He goes the extra mile for us.

I feel Nathan is a valuable asset to your company.

Best Regards,

Cheryl H  
QC Manager
